Hand-drawn map of a coastal area, likely a beach or dune system, showing various points of interest and measurements. The map is oriented with North (N) at the top.

- Top Left:** "marquage" (marking) and "roche" (rock) are noted. A point is labeled "ep. 17".
- Top Center:** A distance of "72 m" is marked along the top boundary.
- Top Right:** A point is labeled "PH3".
- Left Side:** A vertical distance of "114 m" is marked along the left boundary.
- Center:** Two irregular shapes, possibly rocks or dunes, are marked with "PH4" and "PH5". A red dashed line runs through the center.
- Right Side:** A vertical distance of "102 m" is marked along the right boundary. A point is labeled "PH6".
- Bottom Left:** A point is labeled "PH1". Below it, coordinates "563 197" and "156 238" are written. Further down, "ep. roche" (rock point) and "φ 80" (diameter 80) are noted.
- Bottom Center:** A distance of "52 m" is marked along the bottom boundary.
- Bottom Right:** A point is labeled "PH2". Below it, coordinates "563 177" and "156 186" are written. Further down, "ep. roche" (rock point) and "φ 10" (diameter 10) are noted.
- Bottom:** A red line is labeled "Intervention, ligne de côte" (Intervention, coastline line).
- Far Right:** A note "marquage" / "roche" (marking / rock) is written.

Hand-drawn map of a coastal area. The map shows a coastline with several features and labels:

- Top Left:** "ouge" (partially visible).
- Top Center:** "72 m" with a dashed line.
- Top Right:** "sa 52" (partially visible).
- Center Left:** A cluster of small triangles (possibly trees or rocks) with a red dashed line passing through them. A blue arrow points to a yellow label "PH5".
- Center Right:** A large, irregular shape (possibly a rock or island) with a red dashed line passing through it. A blue arrow points to a yellow label "PH6".
- Bottom Left:** A small cluster of small triangles with a red dashed line passing through them.
- Bottom Center:** "52 m" with a dashed line.
- Bottom Right:** A vertical line with a dashed line running alongside it. A blue arrow points to a yellow label "PH2". To the right of "PH2" are the numbers "563 127", "156", and "186". Below these is the text "e'il sy Ø 10".
- Far Right:** "102 m" with a dashed line.
- Bottom Right (Text):** "marguaz" / "m" and "érable".
- Bottom Center (Text):** "Intervention, ligne de côte".

(esquisse profil, bref descriptif)

A hand-drawn sketch of a forest landscape. The foreground is a simple wavy line representing the ground. Several trees are drawn with vertical trunks and simple foliage. Labels in French are written around the trees: 'sa' (likely 'saule' or willow) is written above a tall tree on the right; 'ép' (likely 'épicéa' or spruce) is written next to another tall tree on the right; 'sarb.' (likely 'sarb.' or 'sarb.') is written above a small tree in the center; 'éb' (likely 'ébène' or ebony) is written next to a tree on the far right. There are also some small, less distinct labels like 'a' and 'n' near some of the trees.
